## Top 7 Reasons for Teens to Study Abroad with NRCSA

**#7 Be a world traveler!** Studying abroad offers you the opportunity to experience life in another city and country other than your own. Plus, many programs include fieldtrips and travel to a variety of sites of interest outside the host city.

**#6 Learn the foreign language much faster than you would at home!** Being constantly surrounded by native speakers of the language, on average, allows students to learn, on average, about as much in 4 to 8 WEEKS in the foreign country as they do in one or two SEMESTERS of study in their home country.

**#5 Meet other high school students from around the world!** All NRCSA programs are multi-national and accept students from around the world. Many locations welcome students from as many as 20-30 countries each year!

**#4 Join a program doing things you like best!** Do you like soccer? Beach volleyball? Horseback riding? Are you into music, art, cooking, or dancing? Many teen programs offer the opportunity for students to get involved with a number of different areas of interest in addition to the study of the local language and culture.

**#3 Live with someone else's family for awhile!** It's always great to be a guest in someone's home... and experience another mom's great cooking! Many programs abroad offer students a chance to live with a "host family". Request a family with other teens your age, and the possibilities for a great time are endless. Alternatively, some teen programs offer student residence lodging (similar to a university dorm – but for high school students) instead of a homestay.

**#2 It's never too early to start building your resume!**

Applying for a job isn't the only time a diverse resume comes in handy. When you are applying to universities and colleges, any experiences that make you unique increase your chances of being accepted. Participating in school government and clubs, sports, volunteer work, and all types of international experiences all look great on your application form... and the more you've done when it comes time to apply, the better.

**#1 You don't have to spend the summer bored, or worse, in a summer school math class!**

This summer, do something different, get ahead in school, and have an awesome time!

### Accommodations - Homestay with a German Family

Host family accommodation near the school are also available for students should the desire alternate living arrangements.

Generally every student who has booked accommodation with a host family should keep in mind that this form of accommodation differs much from a hotel or bed and breakfast. For a short while, students and host families live together as almost one family which demands consideration on both sides. Don't forget that the everyday life of the family goes on while you are there!

Housing in Germany can differ. Some families have their own house with a garden, whereas some live in flats right in the center of the city. The guest-rooms may have double, or single beds. Normally there is only one bathroom which is shared; towels and bed linen are provided by the family.

### Accommodations - Residence

Students live in renovated and spacious Villa which has 3 to 4 beds per room. Double rooms are available at extra cost. There are several showers and WC in each hall, and every room has a wash basin. The villa has its own kitchen where the cook prepares the three daily meals. Laundry is done by the school staff. This ensures that students are completely taken care of, and allows them to focus on their studies and enjoy Germany.

The language instructors live in the villa with the students, and are always available to help answer questions. The villa has a party room, a projects room (for staging plays or making a newspaper), a basketball court, and a barbecue in the garden

### Berlin, Germany - City Info

Berlin is a fascinating metropolis in the heart of Europe. Berlin is now, more than before, a remarkable city. Decades of division following World War II and Berlin's special status as Allied-occupied territory have left their enduring mark on the city's life. Circumstances have radically changed since November 9, 1989 and Berlin has moved to the forefront of the international scene. The dismantling of the Wall and the opening of borders have made Berlin today one of Europe's most lively and interesting cities.

Grand palaces, incomparable art museums like the Pergamon and the Bauhaus, innumerable restaurants, a vast and varied music scene and nightlife all make Berlin a unique destination for learning the German language.

## German Summer Camp | Berlin, Germany

### Arrival Date:

Students can arrive any time on the arrival day listed on their invoice - this day is usually the Sunday before the first day of class. If you will need to arrive earlier, please advise your program coordinator as early as possible. Additional nights of lodging and insurance, if any, will be at an additional cost.

More information about the arrival day, arrival transfer procedure, etc will be sent prior to departure.

### Departure Date:

Lodging typically ends the Saturday after the last day of class. If you will need to depart later, please advise as early as possible. Additional nights will be at an additional cost.

### Travel Documents:

- Valid Passport
- A minor (under 18 years old) traveling alone must carry notarized permission signed by both parents. In the event of death, divorce or non-marital status, substantiating and notarized documentation must be carried, (i.e. Death Certificate, divorce decree, legal guardianship, etc.), with the legal guardian signing the notarized permission.

### Airline Ticket:

Two resources for discounted student air tickets are:

- Exito Travel: 800-655-4053
- Student Travel Association: 800-781-4040

### Orientation - First day of Class:

On Monday morning, the first day of classes, students will all attend an orientation session. At the orientation, students will take a tour of the campus and learn more about the resources of the NRCSA Center and city, go over schedules and procedures, meet all the staff, take language placement exam to determine class placement, and do activities to help build a sense of community within the student body and help students to get to know each other. Since the first week in a foreign country is always the biggest adjustment, it is best that all students arrive in the foreign country in time to be able to attend the orientation and first day of classes - late arrivals are not recommended.

### Curfew:

According to German law at age 16 you can go out till 11 pm. If you are older than 16 the limit is midnight. At 18 you are considered an adult and can decide for yourself. On weekdays bedtime is at midnight, on weekends this time can be extended • please respect the rules our staff will issue.

### Parental Permission:

This form must be carried with the student as part of his/her traveling papers. BOTH PARENTS MUST SIGN. If through death, divorce or non-marital status there is only one parent, a substantiating document must be carried (i.e. Death Certificate, legal guardianship, or divorce papers).

### Pocket Money:

Students should bring with them (via traveler's checks or ATM card for bank withdrawals) an allowance for personal expenses, local transportation, shopping and other miscellaneous expenses. The teen programs include 3 meals per day. This means additional money for food specifically is not needed, unless students want to buy snacks, bottled water while on an excursion, etc. Parents are free to give their children any amount of money they consider appropriate, as a guideline, \$75-100 USD per week is recommended and typically more than enough to cover the average student's needs.

### Meals:

Food at the camp may not be the same as you are used to at home: Southern Europeans for example are often surprised that Germans eat so much for breakfast and often like to cover hot meals with a sauce all over it • so even if you may prefer the way your parents cook, please try to be open and enjoy the German way of preparing food. You'll have all your meals at the campus cafeteria. On excursion days you will receive a packed lunch. Vegetarian options are always available, but please let us know in advance if you will require a special diet, have food allergies, etc.

### Visitors and Telephone Calls:

Overnight visitors in student lodging is not allowed. If parents, friends, etc will be visiting, please contact your program advisor for help with alternative lodging for them. Students may receive telephone calls in their lodging at reasonable hours, unless there is an emergency in which case students can be contacted at any time. Phone calls can be received, also, for students at the school. Parents should keep in mind that the teen programs have very active schedules, and you may not be able to reach your teen at all times. It is better to set up occasional "phone dates" and to rely on more frequent communication by email - which is always available to students at the Center or at local internet cafes.

### Roommates:

Most of our programs give you the opportunity to have a roommate close to your age, and typically they are of another nationality. Two or more friends can request lodging together, if they wish.

### Linens and Laundry:

Bed linens and towels are provided, but you may want to consider bringing a beach/pool towel. In some countries, bath towels are very small and students may prefer to bring one of their own. Laundry service is included: Your laundry will be collected and washed at least once a week.

### What to bring / pack:

We recommend that students do not bring large or heavy luggage that they cannot comfortably carry themselves. Also, students should leave some space for souvenirs and presents - very few students don't go home with more than they came with!
